

# **KERALA VOLLEYBALL LEAGUE OF NORTH AMERICA**

## **Player Registration**

To enforce the rule of player eligibility in this league, the General Body unanimously proposed the following registration procedure for new players in order to participate in this tournament. All playing members of participating teams ***MUST*** be able to establish their eligibility requirements as stated in our by-law.

As we strive to maintain integrity and fairness in our League, we must stick together and enforce all the rules and regulations we have discussed and approved thus far. Any individual team member or team intentionally trying to manipulate or violate any such rules could face suspension or expulsion from the League. Keep in mind that the player registration to the League is different from the team registration for a particular year's tournament. The team manager is required to cosign for the registration to be valid.

### **Player Registration for the Kerala Volleyball League of North America**

(Please Print)

1. Team Name: \_\_\_\_\_
